

**CHERRY PECTORAL.**  
For the rapid Cure of  
COUGHS, COLDS, HOARSENESS,  
BRONCHITIS, WHOOPING-COUGH,  
CROUP, ASTHMA, AND  
CONSUMPTION.

ALL the numerous medicines except, (and some of  
them valuable) for the cure of Consumption, have  
been withdrawn from the market, and come to a  
standstill. There is now nothing left but the  
Cherry Pectoral, and in all diseases of the lungs and  
respiratory organs, it is the best. It is  
given to take, and perfectly acts in accordance with  
its directions. We do not advertise for the informa-  
tion of the public, but we do for our friends and  
families that have seen it, and will not be without it,  
as by this time, they can no longer find the  
former compositions of the various Colds which  
have been discontinued.

The Doctor of the Massachusetts Institute was  
advised to this preparation by the Director of the  
Institute of Art, in this country, and the Director of the  
Ohio Institute at Cincinnati, has given it to the  
Cincinnati Medical Society, and the public, as a  
testimony of its extraordinary excellence and usefulness in  
the cure of Consumption.

It is now sold on the same terms as the  
expenses of the medical expenses of the Part and City  
of St. John's, Mar. 1st, 1831.

FIVE years of your CHERRY PECTORAL in  
consumption, must be tried, but it gradually acts upon  
the colds and coughs to which you, in this section, are  
subjected.

Unusual success has yet been experienced, so far, I  
know, as a single case can be made for the distinction  
of the Tarrat and Lung, or the Lung and Bronchial.  
The following case, however, is a wanted confirmation,  
not only in the following case, but a thousand more—

Say, New York, Jan. 20, 1832.

Dr. Ayer, in the month of January, 1831, was attacked by  
a student disease in the business of California. Returned  
to San Francisco in time of receiving benefit from a  
few days' rest, he again became ill, and was again  
attacked by a severe cold, and much soreness. I  
finally started for home, but received no benefit from  
the colds and coughs to which you, in this section, are  
subjected.

Unusual success has yet been experienced, so far, I  
know, as a single case can be made for the distinction  
of the Tarrat and Lung, or the Lung and Bronchial.

Yours truly, W. J. GLOVER,

Attorney & Counsellor at Law,  
and Solicitor in Chancery,

St. Clairsville, Ohio.

JAMES WEIR,  
ATTORNEY & COUNSELLOR AT LAW,  
And Solicitor in Chancery,  
officedoor east of the Court House.  
August 29, 1831.

PETER TALLMAN,  
ATTORNEY & COUNSELLOR AT LAW,  
and Solicitor in Chancery,  
Office third door east of the Court House.  
August 29, 1831.

MILLER PENNINGTON, D. D. T. COWEN  
PENNINGTON & COWEN,  
Attorneys at Law and Solicitors in  
Chancery,  
St. Clairsville, Ohio.

neat manner, and at the lowest rates. All work  
assured, as none but good workmen are employed.

RICHARD ANDERSON, St. Clairsville, Nov. 5, 1832.

**IN TEN MINUTES**

THE GREAT  
MEDICAL DISCOVERY

OF THE AGE.

For the cure of Colds, Coughs, Asthma, Bronchitis,  
Consumption, and all diseases of the Chest and Liver.

These Waters operate like charms—producing almost  
INSTANTANEOUS relief. They allay, at once, the tickling  
and violent fits of coughing, and the fits of sneezing,  
and finally, result, if not removed, a cure of a disease of  
a fatal type.
